# The Ultimate Intersection of AI and Cybersecurity

August 6, 2024
Mandalay Bay,
Las Vegas

THE ◎ AI SUMMIT at black hat®

Contents

What is Black Hat USA 2024?

The inaugural The AI Summit at Black Hat USA 2024 takes place on August 6 at the Mandalay Bay Convention Center in Las Vegas, commencing a one-of-a-kind, in-person only experience.

This event is where you will master the intersection between AI and cybersecurity. Gain the critical insights and practical strategies you'll need to leverage AI for defense, secure your AI applications, and transform AI threats from vulnerabilities into powerful advantages for your organization's security posture.

Learn from industry leaders and equip yourself with cutting-edge knowledge to navigate the evolving AI landscape with confidence.
